Sir: The Speciacies you made for me suit me very well, and seem to have improved my sight more than any other I have lately tried. LITT. W. TAZEWELL. I have tried a pair of Spectables obtained from Mr.

Tobias, and find them of great assistance to my sight, and corresponding with his description of their focus. I recommend him as a skillful optician.

HENRY A. WISE. PETERSBURG, October 21, 1854.

About five years ago, I obtained from Mr. Tobias, in Washington, a pair of Glasses for the spectacles which I used, and found them of great assistance to my decaying vision; and my opinion of him is, that he is skillful in the preparation of Glasses for eyes

not too far gone to be benefitted by such aid.

J. F. MAY. LYNCHBURG, November 7, 1854.

From an examination of Mr. Tobias' Glasses, and from his observations and remarks, am convinced that he is a skillful optician.

J. J. BLACKFORD, M. D. LYNCHBURG, November 10, 1854.

Mr. John Tobias, having furnished me with Glasses, by which I have been greatly aided, (my vision having suffered greatly from reading at night in my earlier life,) it affords me the highest pleasure to say that I consider him a skillful practical optician, and well prepared to aid those who may need his professional services.

WM. B. ROUZIE,

Elder of the Methodist Conference.

WILMINGTON, N. C., June 27, 1854.

MR. J. TOBIAS—Dear Sir: I am happy to say that
the Spectacles which I obtained from you last week
are entirely satisfactory. From an inequality in the
visual range of my eyes, I have heretofore found great
difficulty in setting slaves of the proof for the difficulty in getting glasses of the proper focal dis-tances. It affords me pleasure to state, that by the aid of your optometer this difficulty has been happily obviated, so that the Glasses you furnished me are decidedly the best adapted to my eyes of any I have ever yet used. Very respectfully yours, R. B. DRANE. Rector of St. James' Parish.

Rector of St. James' Parish.

Having been induced by a friend to visit the establishment of Mr. Tobias for the purpose of trying his classes I was furnished with a pair slightly colored blue, whice have afforded me more relief and gratification than any I have ever tried. My sight, originally very good, was injured by writing and reading at night, frequently to a very late hour: but with the aid of these glasses I can study almost as late as ever, and that too without the pain I have previously suffered.

Late Commissioneer Gen'l Land Office.

I have used Mr. Tobias's Spectacles for three or four months, and take great pleasure in saying that I am much pleased with them. I have been much benefited by them. GEO. P. SCARBURGH. May 5th, 1856. I was recommended to Mr. John Tobias as a skilful

optician; and as I have eyes of remarkable peculiarity, I was gratified to find that Mr. Tobias seemed to comprehend them by inspection and some slight measurement, and he has made me a pair of Specialies that suits me admirably. A. P. BUTLER. WASHINGTON, Aug. 8, 1866.

Having been for years under the necessity of havtwo sets of glasses—one for use in daylight, and one
for lamp-light—I produced one set from Mr. Tobics
which answered both purposes. I have used his for
several months, and find them excellent.

EDWARD STUBBS,
Of Department of State.

Mr. J. Tobias. Sir: The pair of Spectacles you furnished me yesterday are particularly satisfactory to me. They are very decidedly the test I possess, and I am the owner of eight or nine pairs, carefully selected in different places and from opticians recommended to me on account of their professional standing in France, England, and the United States. I have been also pleased with your remarks and directions on the treatment of the eyes, for the purpose of preserving and improving the sight.

Respectfully yours, CHS. CALDWELL, Professor of M. C., Louisville, Ky.

In the experience of even two years, I have found great difficulty in obtaining Spectacles that were exgreat difficulty in obtaining Speciacies that were exactly adapted to the weakness of my sight. This inconvenience Mr. Tobias seems to have removed for the present by the substitution for me of better and more suitable Glasses. They are clear, chrystal-like and comfortable to my eyes. I would commend him to those who from age or other infirmity require artificial aid in this way.

J. J. SIMKINS, M. D.

Wilmington, N. C., June 16, 1854.

To persons who have had the sight of their eyes se impaired as to require the use of Glasses, I would recommend Mr. John Tobias as a suitable person from whom to obtain such Glasses as they may require, as he has suited me with a pair of Spectacles for a far and near sight. My sight has been impaired very much by a service of years in the Post Office Department, which berth required me to be on duty from 11 o'clock at night till after day, during which time I used but one light.

W. A. WALKER.

DEPARTMENT OF INTERIOR, May 8, 1855.

From natural defects and the unequal range of my eyes, I have been compelled to use glasses for several years. I have tried different opticians without obtaining glasses perfectly fitted to my eyes. Four months since Mr. Tobias made two pairs especially for me, which I have found to serve me perfectly. By the use of his optometer he is enabled to adapt glasses most minutely to the eye. I most cheerfully recommend Mr. Tobias to all having occasion to use glasses, and bear my testimony as to his skill as an optician.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing on the pastures, and along old stone walls, should cure every humor in the system; yet it is a fixed fact. If you have a humor, it has to start. There are no IFS for ANDS, hums nor ha's about it suiting some cases, butnet yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know the effects of it in every case. It has already done some of the greatest ourse ever done in Massachusetts. I gave it to children a year old, to old people of sixty. I have seen poor, puny. quantity is taken. oid, to oid people of sixty. I have seen poor, puny, wormy-looking children, whose flesh was noft and flabby, restored to a perfect state of health by one To those who are subject to a sick headache, one

bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it had catarrh and dizziness. Some who have taken it had been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed; they always disappear in from four days to a week. There is never a bad result from it; on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encommums of it that ever man listened to that ever man listened to In my own practice I always kept it strictly for hu-

more—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get and enough of it.

Directions for Use.—Adults one table-spoonful per day—children over ten years dessert spoonful— children from five to eight years, ton-spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. DONALD KENNEDY. No. 120 Warren Street, Rozbury, Massachusette.

ANN ARPOR, Nov. 5, 1856.

Prof. O. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery tive, but having been so often cheated by quackery and quack nostrums, hair dyes, &c.. I was disposed to place your restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trid of your Restorative in my family, first, by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head. She conlinues to use it, not simply because of its healthful influence upon the head, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative with the happiest effects; therefore my skepticism and doubt in reference to its value and character are entirely removed, and I can and fole my skepticism and doubt in reference to its var-ue and character are entirely removed, and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or gray, by reason of sickness or age) to ong-inal color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,
SOLOMON MANN

FRIEND Woop: It was a long time after I saw you at Blassfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mirs. Mann's nair, as the surest test of its power. It has done all that you assured me it would do; and has done all that you assured me it would do; and others of my farmly and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you

Again, very respectfully and truly yours, SOLOMON MANN.

CARLYLE, ILL., June 28, 1852.

I have used Frof O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his restorative it has resumed its original color, and, I have no doubt, permanently so.

Debility, And all diseases which require a Tonic and Altera The proofs of its efficacy are so numerous, so well authenficated, and of such peculiar character, that sufferers cannot reasonably heritate to receive the proffered aid.

The Peruvian Syrup does not profess to be a cure all, but its range is extensive, because many diseases, apparently unlike are intimately related, and proceeding from one cause, may be cured by one remedy. The class of diseases for which the Syrup provides a rure, is p ecisely that which lhas so often baffied the highest order of medical skil. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

Those who may wish for an opinion from disinterested persons respecting the character of the Syrup ested persons respecting the character of the Syrup cannot fail to be satisfied with the following among numerous testimonials in the hands of the Agents. The signatures are those of gentlemen well known in the community, and of the highest respectability.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public. From our own experience, as well as from the testimony of others, whose intelligence and integrity are altogether unquestionable, we have no doubt of its efficacy in cases of Incipient Diseases of the Lungs and Bronchial Passages, Dyspepsia, Liver Complaint, Dropsy, Neuralgia, &c. Indeed its effects would be incredible, but from the high character of those who have witnessed them, and have volunteered their testimony, as we do ours, to its restorative power. restorative power.
